hls47@pitt.edu

Experience

University of Pittsburgh – Pittsburgh, PA

Faculty Appointments

Training Program Director, NNLM *All of Us* Program Center
June 2021 – Present

- Key personnel for the Network of the National Library of Medicine (NNLM) *All of Us* Program Center (NAPC) in a cooperative agreement with the University of Pittsburgh.

- Provides day-to-day operational support and leadership for the NAPC training team, and coordinated leadership for the NNLM *All of Us* Program.

- Tracks progress of ongoing NAPC projects and develops best practices in project management and documentation to support reporting and knowledge management.

- Co-chairs the *All of Us* Consortium Training (ACT) Board to guide the development of training goals and objectives, and prioritize creation of new training to meet the educational needs of the *All of Us* Research Program.

- Represents NAPC in NNLM national leadership committees and working groups, and co-leads monthly NAPC updates.

Project Management & Training Lead, NNLM
May 2020 – May 2021

- Key personnel for the NNLM Web Services Office (NWSO) in a cooperative agreement with the University of Pittsburgh.

- Tracks development of ongoing NWSO projects related to maintaining and implementing web-based technologies; primary lead on development and implementation of Jira and Confluence for NNLM staff.

- Serves as the primary point of contact for web services issues, represents NWSO in national committees and working groups, and leads open office hours.

- Provides instruction in web-based technologies; develops technology-related onboarding for new staff, and instructional documentation for best practices in creating web-based content.

- Evaluates user requirements for new products and services; conducts usability testing and troubleshooting of new technologies.

- Serves as the Interim Executive Director from January-May 2021

Web Experience Coordinator, NNLM
September 2019 – April 2020

- Joint position with the NNLM Middle Atlantic Region (MAR) and Web Services Office (NWSO) in a cooperative agreement with the University of Pittsburgh.

- Serves as the primary point of contact for web services issues, represents MAR/NWSO in national committees and working groups, and leads open office hours as needed for subject-specific projects.

- Provides support for online training; develops quality control procedures and standards for MAR webinars.

- Provides instruction on web-based technologies; develops technology-related onboarding for new staff, and instructional documentation for best practices in creating web-based content.

- Evaluates user requirements for new products and services; conducts usability testing and troubleshooting of new technologies.
